～ Bringing People Together Through Travel ～

Encounters between people create new opportunities for exchanges of ideas and culture.

JTB strives to create diverse exchanges throughout the world by harnessing the freedom of imagination and the power of travel. In this way we provide a wonderful sense of excitement and happiness among people and communities.

Outline of Operations

Our businesses bring together people and communities as a value-building company, with Kyushu as our base of operations and reaching throughout east Asia. With know-how accumulated from over 100 years in the travel business handling both personal and business travel, we are striving to contribute to regions by expanding the scope of new travel initiatives (such as regional exchanges, inbound tours, and MICE) to promote their vitalization and growth.

Mascots "Perabo" and "Perami"

The boat race is a publicly-owned competitive sport with professional athletes which began in Japan in 1952. This motor sport is sometimes called the "combat sport on the water". Boat Race Fukuoka is an urban arena conveniently located 15 minutes' walk from "Tenjin", the city's downtown area. Profits from boat races are used for public works such as the building and maintenance of elementary and junior high schools. It is a valuable resource for Fukuoka City and serves to improve the lives of its people.

Races are held approximately 190 days per year, with special races held alongside the traditions of Hakata, such as the "Dontaku Special Race" held during the Golden Week holidays, and the "Yamakasa Special Race" held in July. In addition to stands for watching the thrilling races on the water, facilities in the arena such as an open lawn plaza provide relaxing leisure activities for families and others to enjoy. This wide range of activities makes the site a favorite of the locals.

Also, at Peraboat Fukuoka (an off-premises betting venue), betting slips for events such as ranked races and night races held nationwide can be purchased approximately 360 days a year.
